

I intend to make only
a proposal for my usual
style of expedition. Sayce
wants a more expensive &
luxurious style; but I
shall propose to him that
he must stand any extra
expense he insists on.

Photography necessitates
a third baggage horse.

My dear Macmillan,

I return Freshfield's
letter with thanks. I
shall write him ~~or you~~
direct (or with your leave
through you) in January.
I hope then to send the
conclusion of my paper;
of which Bates has had
the first 300 odd sheets
since September.
