Imyrua.

Aug. 3. 1883.

Dear Sir,

My husband says  
I am to write and tell  
you that £70 more will  
be necessary for him  
to complete his journey  
in the interior during  
the remainder of the Sum-  
mer and the autumn.

If you will be kind  
enough, when sending  
him the money, to keep

out of it the amount of  
his last year's subscription  
to the Society it will save  
him some trouble and  
he will be very much  
obliged to you. He has  
just now left Imyrua  
for the interior.

Yours truly

A. M. Ramsay.
