Brief description of the project for which the grant was applied for and subsequently used:

We are studying Greek History as our whole school topic this academic year. Your grant enabled us to purchase a variety of books for the children from Reception to Year 6, particularly KS2. We were able to enhance the children's learning with new fiction and non-fiction texts relating to Hellenic Studies. These were accessible for their research in our school library and allowed a greater in depth study of the Greeks using up to date materials the children would otherwise not have had a chance to use.

Date or period of project: Academic year 2018-19

Was the project successful? Did it engage the students? Please add any anonymous student comments that could be subsequently used by The Hellenic Society for a write-up of the project.

The project was successful. Children engaged in learning about the Greeks carrying out their own research using the books we were able to buy. The teachers responded that children were engaged in their learning and the books opened doors to a new world for the children. Our librarians commented that all the children wanted to borrow the new Greek books – it was creating a buzz in the library.
