Received from the Society through the Ottoman Bank £90
allowance due to artist's allowance for 58 days £58
Paid to artist for home journey £30
88

Result: Society has remitted me two pounds more than was required.

Of this £88, amount of allowance for artist's expenses, I handed over to him in Smyrna £10; which was my estimate before making up the accounts in a uniform currency of what would be due him. I feared so that I wrote to the Secretary explaining that I had been obliged to pay to Mr. Blunt the £30 allowed for his home journey out of the £90 sent for the three months' expenses in Asia Minor.
