

On behalf of The King Alfred School I would like to say how grateful we are for the generosity of the Roman Society for their kind gift of the Memoria Press Latin resources. Many people scoffed at the idea of setting up a small independent school offering a classical education in a deprived area, but thanks to the society's support we can proudly say that Latin is once again being taught in Dudley!

Our junior class aged 6-7, have learned an impressive amount of Latin sayings, verbs and nouns and our senior class, aged 9-11, have mastered 1st and 2nd declension nouns, conjugated verbs in the present and imperfect tense, and can translate three word sentences . They also sung two latin Christmas carols at the school nativity play.

Thank you once again for helping us keep Latin alive in our area.

Yours sincerely,

Thomas Bowen

Director

The King Alfred School
