Dear Macmillan,

Many thanks for your
note about Cete. I have
seen Evans, & hope to send
Clay a list of addresses
in a day or two. Have the
Antiquaries had the circular?

A. H. Smith has forwarded to

me both of Woodhouse's letters.
On receipt of the first I wrote
to him to explain that as a
member he could have slides
ad lib.: & that we should be
glad to have either his negatives,
or prints &c. from them, to add to
the collection. There is a
similar application from Perdrizet
at Nancy, which I should like
to bring before Council: as I think

P. is not himself a member.
Smith says a Council is pro-
posed for the 28th: so, as I cannot
come that day, I will write fully,
so that Council may be able to
decide. I think we ought to
give a learned society, either Colonial
or Foreign, favourable terms; espe-
cially if it is for a large series.

Yours very sincerely

John. L. Myers.

I wish to propose as a member of

the H.S. Mr. H. Swainson Couper
Yew Field.

Hawthhead

Lancashire.

He has travelled in the Levant, &
has a small collection of antiquities
of which one is published in the
Journal (about Vol IV)
