My dear Mr Macmillan,

I am sorry that I did not see the Times article on Crete. The last I heard of Jameson was that he was en route for Cairo but I do ~~not~~ not know in the least whether he has settled there or not but I expect I shall hear before long. Sir Frederick Treves started this morning for Egypt and I asked him to bear Crete in mind and if he met with any rich patients on his way to tell them about it.

Believe me,

Very sincerely yours,

Lauder Brunton
